### DETAILED ACTION

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-15 are rejected under 35 U.S.C. 102(b) as being anticipated by JP 05-066600 and JP 11-202372.

The cited prior arts disclose microcapsules and their method of making. Said microcapsules comprise a disperse system comprising a colored particle in an oil phase, and a wall of synthetic resin surrounding the disperse phase.
